One mile east of Indiana-Illinois state line.

Good Motel service available in Kentland, Ind., or Sheldon, Illinois.

FOREWORD

We invite you to be with us for our registered Scotch Shorthorn Herd Reduction Sale. We were unable to have our regular sale last year, so we are digging deep into the herd to bring you the best offering yet.

For the past several years we have been assembling our herd of Shorthorns. We have traveled far and visited many herds, and are offering for this sale 7 bulls, 57 females and 10 Club Calves. You will find these cattle of medium type, as good as their pedigrees. You will see when you look through the catalog that the foundation cows were purchased from the leading herds of this country and nothing but the best bulls were used. This is without doubt the finest group of cattle we have ever offered.

You also will find that these cattle will give a good account of themselves when raised under the average farm conditions. These females are all calfhood vaccinated as this has been our practice for many years.

To assist our buyers, these cattle can be left at the farm until trucks can be arranged for.

GENERAL INFORMATION

Terms—The terms of sale are cash unless arrangements are made in advance with the consignor from whom you purchased. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All stock will be at buyer's risk as soon as bid off but the management will attend to loading on cars or trucks in compliance with instructions from purchasers.

The guarantee in this catalog and terms shall constitute a contract between consignor and buyer on each lot. Neither the sale manager, clerk of the sale, nor the Association assumes any liability legal or otherwise.

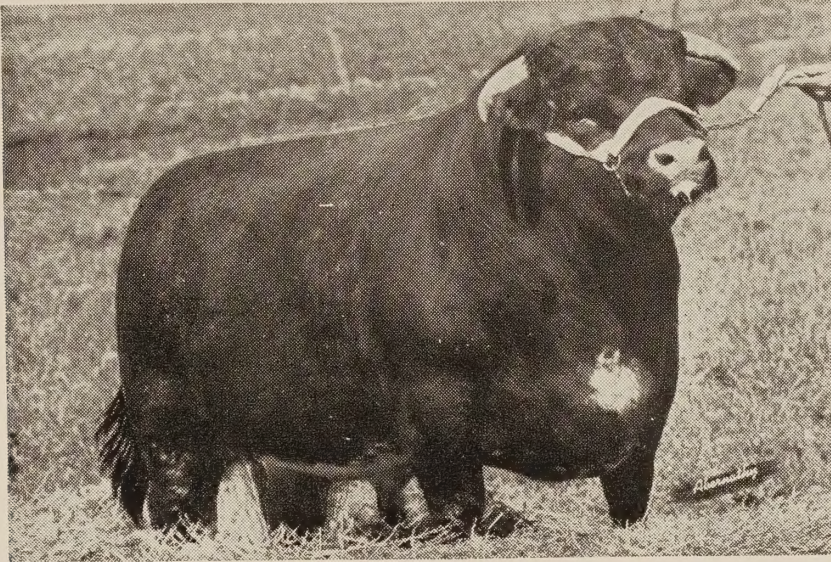

We will not be responsible for any accidents that may occur, but will make every effort to provide for the safety and comfort of our guests.

Mail Bids—Those unable to attend the sale may send their bids to Auctioneers or Staff of the Shorthorn World, Aurora, Ill.

Auctioneers—Don Smock, Whiteland, Ind., Harvey Miller, Danvers, Ill., Jim Humphreys, Wolcott, Ind.

Representatives—American Shorthorn Breeders' Assn.

Lunch on grounds.

● LEVELDALE COLLECTOR — Sired by BAPTON BALMORAL that was used two seasons at Calrossie before being sold to Australia for a long price. Leveldale Collector has done well for us and proved to be a good sire. Have been unable to keep many bulls out of him as they readily sold as club calves. I am keeping back a number of young heifers by him and have fifteen cows bred to him so feel that we can sell him.

		Fancy Sultana 43d 2006121
		Roan, Steinmetz Bros.

- A good thick son of Panel Bold Marshal.

A word about the females —

We think we have one of the best bunches of females we have ever sold. Due to the heat and flies, the day the photographer was here, we were unable to get good pictures. You will find these cows, smooth and good type but still with plenty of weight, have good heads and horns and either have a calf at foot or are close to calving.

The bred heifers are mostly all carrying long service dates to Keystone Sportsman and again are some of the best we have ever offered.

The open heifers are a nice even lot and will be sold with breeding privileges if desired. Any club boy or girl buying a heifer here can return it to be bred any time.

Lot 8

Female

CONNIELAND PAULINE 6TH 2786-059

STANDARD GUARANTEE of the American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proven to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any other animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipments shall be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion test within 30 days prior to sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
